

Stages of Growth as a Woman Wakes Ups and Becomes Aware TAG Galactic System of Healing and Education

- Living from birth family's concepts
- Religious and Social expectations
- Feeling empty of personal wants and needs
- Discontent
- Feeling isolated
- Anger is a good sign of awareness and may reappear periodically during the next steps
- Hints of self
- Excitement
- Old angst arise
- Use new tools
- Clarity as to her wants, needs, and passions
- new friends
- Build community
- Re-connecting to the Original purpose of a female body, a voice of leadership and authority

Phases of a Woman's Life

1. Maiden - free to be self, explore neighborhood/world
2. Mother - take on the responsibility for others
3. Queen of myself - have gained skills and awareness as you 'served' others and now you have time and space to discover what brings you joy and calling
4. Crone

≈

A woman who has moved from Alone to Anger to Powerless to Clarity of her
Divine Mission, is a Threat to powers of Domination.

That is the real reason those born into Female Bodies have been targeted for over
300,000 years. No More!
